

پتروشیمی خوزستان Khuzestan Petrochemical

Production capacity in tons per year

پتروشیمی خوزستان Khuzestan Petrochemical

BLEACH

Production capacity of 2,000 tons/year for disinfection, deodorization, decolorization, and bleaching cloth and paper mâché

POLYMER COMPOUNDS AND ALLOYS

Production capacity of 2,000 tons/year for telecommunications, electronics, power, construction, aeronautics (space), medical, safety, and other industries

POLYCARBONATE

Production capacity of 25,000 tons/year for telecommunications, electronics, power, construction, aeronautics (space), medical, safety, and other industries

SOLID EPOXY RESIN

Production capacity of 5,000 tons/year for telecommunications, electronics, power, construction, aeronautics (space), medical, safety, and other industries

LIQUID EPOXY RESIN

Production capacity of 5,000 tons/year for telecommunications, electronics, power, construction, aeronautics (space), medical, safety, and other industries
